Discussion on how the issue of participation level could be handled in the future, if a certain number of students sign up then a high school helper will be hired. We do not want to have to limit the number of participants that we can have.

**4th of July** event will be held this weekend, current donations are \$2400.00 total cost approx \$3500.00 with more donations and money raised at the event to cover the total cost. **Labor Day** was discussed, Hardy had been approached about having the Recreation Committee volunteer for children events during Labor Day Festivities. Ideas were discussed about how and what to provide and needed volunteers that would be available. The committee will check to see if the softball fields are being used and perhaps this could be a setup area for children including a hay maze. Hardy will meet with the Labor Day sponsors and bring back more information.
